

HOW TO AVOID IDENTITY THEFT

Identity theft occurs when a person commits fraud while posing as someone else. The threat of identity theft is real and can take months or even years to recover from once you are a victim. Use the information below to familiarize yourself with the precautions you can take to minimize the chance of becoming a victim and, if you are a victim, these steps will help you correct the situation.

FOLLOW THESE HELPFUL HINTS TO AVOID BECOMING A VICTIM OF IDENTITY THEFT:

Personal:

1. Order a copy of your credit report on a frequent basis (at least annually, preferably quarterly). You can request your credit report at www.annualcreditreport.com.
2. If you have to give private information over the phone, ensure you are in a secure location.
3. Shred all financial statements, billing statements, and pre-approved credit card offers.
4. The IRS does not request personal/financial data through e-mail, so don't respond to any e-mails asking for that information.
5. Check your financial accounts regularly.
6. Select Personal Identification Numbers (PIN) and passwords carefully so they can't be easily guessed by someone else.
7. Don't give out private information over the phone or Internet unless you have initiated the contact or know for certain to whom you are speaking.
8. Destroy your computer's hard drive if you are selling it or giving it away.
9. Don't carry your social security card with you.
10. Don't carry your registration in your vehicle, instead carry it in your wallet.
11. Don't carry auto insurance policies in your car, instead keep them safe at home.
12. Make photo copies of all the cards in your wallet and keep them in a safe place.

E-Commerce:

1. Ensure you are using an ATM without someone watching you.
2. Pay your bills online using a secure website if that option is available to you.
3. Avoid entering your credit card number online unless it is encrypted on a secure website.

Mail:

1. Take outgoing personal and/or bill payments to the U.S. Postal Service mailboxes or drop them off inside a post office.
2. Don't write your account number on the outside of envelopes containing bill payments.
3. Have the post office hold your mail when you are out of town.
4. Don't leave mail sitting in an unprotected mail box.

Banking:

1. Use traveler's checks versus personal checks when traveling.
2. Review monthly bank and credit card statements for mistakes or unfamiliar charges.
3. Have your paychecks directly deposited into your bank account.
4. Avoid providing personal information—account number or password—over the phone or via the Internet.

IF YOU ARE—OR BECOME—A VICTIM OF IDENTITY THEFT, FOLLOW THESE STEPS TO PROTECT YOURSELF:

1. Contact the Federal Trade Commission (FTC): www.ftc.gov or 1-877-438-4338.
2. Contact the fraud departments of any one of the three major credit bureaus:

Equifax 800.525.6285	TransUnion 800.680.7289	Experian 888.397.3742
--------------------------------	-----------------------------------	---------------------------------
3. Close the accounts that have been used fraudulently.
4. File a police report.
5. Keep an identity theft log for your personal records.
6. Contact other agencies that might be involved: Social Security Administration's Fraud Hotline (800.269.0271), U.S. Postal Inspection Service (888.877.7644), and the Internal Revenue Service (800.829.0433).
