

CDL REGISTRATION CHECKLIST

All of the steps below must be completed before Registration is official.

1. DMV – CDL Packet

\$52

Take Birth Certificate

Arkansas or Missouri Driver's License

2. DOT Physical & Drug Screen

\$100 - \$135

Back in Motion Chiropractic

First Choice Healthcare

Pocahontas Medical Clinic

This is not a comprehensive list, but only those we know who provide DOT Physicals at this time.

3. Complete Registration Form

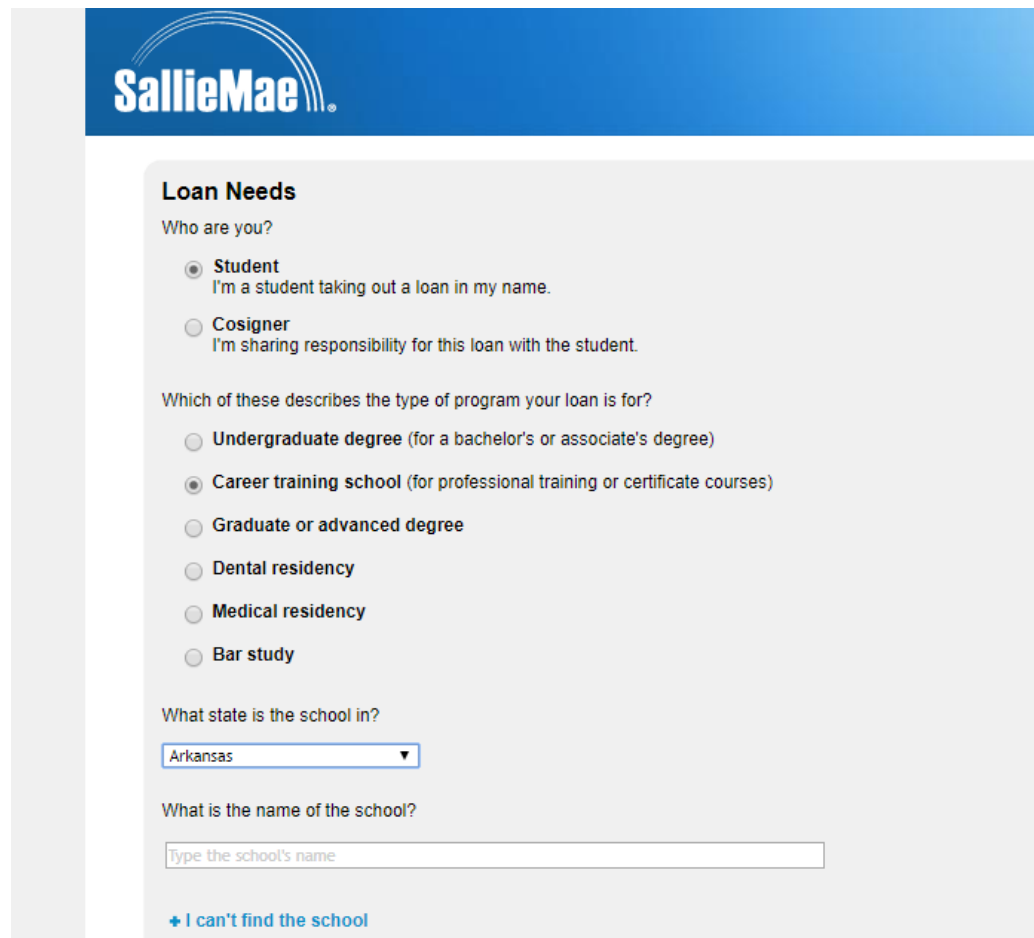

<http://www.blackrivertech.org/class-a-cdl-truck-driver-training-program-brtc-pocahontas-campus>

4. Payment or Sallie Mae Loan - \$3,000

See second page for more information regarding Sallie Mae Loans.

www.salliemae.com

Click "Apply Now" and it takes you this page (below). Choose the option "Career Training School". Then, indicate how much you want to borrow (\$3,000 - \$3,200) and a credit check will be made. Afterwards, Sallie Mae emails an electronic certification request to me and I verify the student's enrollment. The funds are sent to us by paper check, and since these are non-credit courses, when I receive the check it will be given to Corporate & Community Education to process for payment. I will let Corporate & Community know ahead of time when I certify someone so that they know they have a method of payment for the program in place.

The screenshot shows the SallieMae website's "Loan Needs" section. At the top is the SallieMae logo. Below it, the form asks "Who are you?" with two radio button options: "Student" (selected) and "Cosigner". The "Student" option includes the text "I'm a student taking out a loan in my name." The "Cosigner" option includes "I'm sharing responsibility for this loan with the student." The next question is "Which of these describes the type of program your loan is for?" with six radio button options: "Undergraduate degree", "Career training school" (selected), "Graduate or advanced degree", "Dental residency", "Medical residency", and "Bar study". Below this is a dropdown menu for "What state is the school in?" with "Arkansas" selected. The final question is "What is the name of the school?" with a text input field containing the placeholder "Type the school's name". At the bottom left of the form is a blue link that says "+ I can't find the school".

Let me know if you have any questions!
