

## CDL REGISTRATION CHECKLIST

**All of the steps below must be completed before Registration is complete.**

1. DMV – Purchase CDL Packet (\$52)

Take: Birth Certificate  
Valid Driver's License

2. DOT Physical & Drug Screen

Approximately \$100 - \$135

Back in Motion Chiropractic – (870) 248-0646

First Choice Healthcare – (870)892-9949

Pocahontas Medical Clinic – (870) 892-4467

This is, in no way, a comprehensive list but those we know who provide DOT Physicals in Pocahontas.

Both of the Above Steps (1 & 2)

Must be completed in the State that has issued the driver's license.

3. Complete BRTC Corporate & Community Education Registration Form

The fee (\$3,500) for this five-week training program provides the participant with classroom training in preparation for the written permit test, range practice, behind the wheel driving time, and one trip to Newport to test in the same vehicle used during the training program. Additional training time after the program has concluded may incur an additional fee, to be determined. If needed, additional testing fees will be \$100 each. **Both of these additional fees will be the responsibility of the participant and will not be grant funded.**

Cancellations must be made 24 hours prior to the beginning of the class. Once materials have been given to students for test preparation or the class has begun, there is a no-cancellation policy with a no-refund policy.

Written permit test must be obtained before admission to the driving portion of the class.

If participating in the Arkansas Department of Commerce, Office of Skills Development grant program, Reskilling and Upskilling Arkansans, your registration and participation obligates you to notify BRTC, Corporate & Community Education when you have obtained a job in the transportation industry, along with your pay rate and then again anytime you change positions for the next two years.

By registering for this class you acknowledge the above and that photographs and videos taken may be used in BRTC publications as well as area media.
