The fee for this five-week training program provides the participant with classroom training in preparation for the written permit test, range practice, behind-the-wheel driving time, and one trip to Newport to test in the same vehicle used during the training program.

A permit must be obtained before admission to the driving portion of the class.

Additional training time after the program has concluded may incur an additional fee, determined by individual need. **If necessary, any additional driving tests in Newport will be \$125 each.** Both of these fees will be the participant's responsibility and cannot be grant funded. Cancellations must be made 24 hours before the beginning of a class. Once the class has begun, there is a no-cancellation policy with a no-refund policy.

By registering for this class, you acknowledge the above and that photographs and videos taken may be used in BRTC publications as well as area media.
